## The new steam treatment for pale sallown skins

*WHEN your skin is pale and colorless, "pasty," it means that your pores are clogged and unable to throw off all the waste matter that they should.*

Try this treatment one night a week. After the very first treatment your cheeks will begin to show a fresh, new color.

Fill your basin full of hot water—almost boiling hot. Bend over the top of the basin and cover your head and the basin with a heavy bath towel, so that no steam can escape. Steam your face for thirty seconds. This opens the pores wide, stimulates the tiny

blood vessels of the face, and brings the blood to the surface.

Now lather a hot cloth with Woodbury's Facial Soap. With this, wash your face thoroughly, rubbing the lather well into the skin with an upward and outward motion. Then rinse well with warm water, then with cold. Finish by rubbing for thirty seconds with a piece of ice.

A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment and daily cleansing. For sale at drug stores and toilet goods counters throughout the United States and Canada.

Send for sample cake of soap with booklet of famous treatments and sample of Woodbury's Facial Powder

Send 6 cents for a trial size cake (enough for a week or ten days of any Woodbury Facial treatment) together with the booklet, "A Skin You Love to Touch." Or for 12 cents we will send you the treatment booklet and samples of Woodbury's Facial Soap and Facial Powder.

Address: The Andrew Jergens Co., Limited, 7002 Sherbrooke Street, Perth, Ontario.
